CORSEN AI Academy

# Vibe (formerly Le Chat) Advanced: Deep Research, Canvas and More

Course syllabus

Version 2026-11

## Overview

Unlock the full power of Vibe with Deep Research, Canvas, Memory, voice mode, and agents, designed for demanding users. Since May 28, 2026, Le Chat is called Vibe, and lessons use the new name.

## Learning objectives

- Launch an in-depth search with Deep Research and leverage the obtained source report
- Draft and revise a document or code in Canvas rather than in the conversation thread
- Configure memories, Projects, and personalization to retrieve a stable work context
- Choose between Flash Answers, Think Mode, and voice mode depending on the urgency and complexity of the request
- Delegate a repetitive task to a Vibe agent and chain several features within the same workflow

## Audience and prerequisites

Anyone wishing to discover and use Mistral AI, without technical prerequisites.

Prior practice with generative AI is recommended.

## Duration and format

Estimated duration : 1 h 45 min. 100% online self-paced course, accessible 24/7 from a browser. Progress is saved, allowing you to resume at any time. Estimated duration: 1 h 45 min.

## Content

- Deep Research (3 lessons)
- Canvas and Editing (3 lessons)
- Memory and Personalization (3 lessons)
- Voice Mode and Agents (3 lessons)
- Conclusion (2 lessons)

## Assessment

Application exercises are proposed throughout the lessons. Each lesson ends with its Key takeaways, supporting self-assessment. A final quiz of 5 corrected questions at the end of the last lesson allows you to validate your learning.

## Accessibility

Self-paced course accessible to people with disabilities: text content compatible with screen readers, keyboard navigation, and compliant contrasts. For any adaptation needs, email hello@corsen.ai.

## Price and recognition

Free

Certificate of completion issued by Corsen AI.

## Access time

Immediate after account creation and email confirmation.
