CORSEN AI Academy

ChatGPT for Teachers

Course syllabus

Version 2026-11

Overview

Covers lesson planning, differentiated exercises, assessment, personalized feedback, and school administration.

Learning objectives

- Define an AI usage policy and an academic integrity framework for your institution
- Plan a lesson sequence and create differentiated exercises based on student levels
- Generate assessments, answer keys, and personalized feedback for each student
- Configure a teacher workspace and manage access granted to students
- Design a professional development plan for colleagues and automate pedagogical reports

Audience and prerequisites

Teachers, instructors, and educational staff looking to use ChatGPT in a pedagogical context.

Prior experience with generative AI is recommended.

Duration and format

Estimated duration : 2 h 15 min. 100% online self-paced course, accessible 24/7 via a browser. Progress is saved, allowing you to resume at any time. Estimated duration: 2 h 15 min.

Content

- AI in Education (4 lessons)
- Preparing Lessons (4 lessons)
- In the Classroom (4 lessons)
- Administration and Professional Development (4 lessons)

Assessment

Application exercises are provided throughout the lessons. Each lesson ends with its Key takeaways to support self-assessment. A final quiz of 5 corrected questions at the end of the last lesson validates learning.

Accessibility

Self-paced course accessible to people with disabilities: text content compatible with screen readers, keyboard navigation, and compliant contrasts. For any adaptation needs, email hello@corsen.ai.

Price and recognition

Free

Certificate of completion issued by Corsen AI.

Access time

Immediate after account creation and email confirmation.
