CORSEN AI Academy

Create Videos with Grok

Course syllabus

Version 2026-11

Overview

Generate videos with audio—text-to-video, image-to-video, editing, extension—using Grok Imagine Video 1.5 and grok-imagine-video. Asynchronous workflow for content ready to post.

Learning objectives

- Produce a video from text via /v1/videos/generations, setting ratio, resolution, and budget
- Write a video prompt describing framing, movement, and ambiance to obtain a usable render
- Animate a still image in image-to-video and guide the style with reference images
- Extend and edit a sequence by combining video editing and extension endpoints
- Deploy an asynchronous workflow with polling, error handling, and retry on failure

Audience and prerequisites

Anyone wishing to discover and use Grok, with no technical prerequisites.

Prior practice with generative AI is recommended.

Duration and format

Estimated duration : 1 h 15 min. Self-paced course 100% online, accessible 24/7 from a browser. Progress saved, resume anytime. Estimated duration: 1 h 15 min.

Content

- Text-to-video (3 lessons)
- Image-to-video (3 lessons)
- Editing and Extension (3 lessons)
- Workflow and Production (3 lessons)

Assessment

Practice exercises offered throughout the lessons. Each lesson ends with its Key takeaways, supporting self-assessment. A final quiz of 5 corrected questions, at the end of the last lesson, validates acquired skills.

Accessibility

Self-paced course accessible to people with disabilities: text content compatible with screen readers, keyboard navigation, and compliant contrasts. For any adaptation needs, email hello@corsen.ai.

Price and recognition

Free

Certificate of completion issued by Corsen AI.

Access time

Immediate after account creation and email confirmation.
