CORSEN AI Academy

Generate and Edit Images with Grok

Course syllabus

Version 2026-11

Overview

Create and edit professional images with grok-imagine: varied styles, multi-turn editing, and batch generation. Results in seconds.

Learning objectives

- Generate an image via the /v1/images/generations endpoint by choosing ratio, resolution, and output format
- Write a precise visual prompt and adjust it to obtain the desired artistic style
- Modify an existing image with /v1/images/edits, providing the source via URL or Base64
- Chain multiple rounds of targeted editing and combine reference images to refine a render
- Master the cost of visual production by arbitrating between standard model, pro model, and batch generation

Audience and prerequisites

Anyone wishing to discover and use Grok, with no technical prerequisites.

No technical prerequisites. A computer, an internet connection, and an account on the relevant platform are sufficient.

Duration and format

Estimated duration : 45 min. 100% online self-paced course, accessible 24/7 from a browser. Progress saved, resume anytime. Estimated duration: 45 min.

Content

- Image Generation (4 lessons)
- Image Editing (4 lessons)
- Advanced techniques (4 lessons)
- Limits and practices (2 lessons)

Assessment

Practice exercises offered throughout the lessons. Each lesson ends with its Key takeaways, supporting self-assessment. A final quiz of 5 corrected questions, at the end of the last lesson, validates learning.

Accessibility

Self-paced course accessible to people with disabilities: text content compatible with screen readers, keyboard navigation, and compliant contrasts. For any adaptation needs, email hello@corsen.ai.

Price and recognition

Free

Certificate of completion issued by Corsen AI.

Access time

Immediate after account creation and email confirmation.
