CORSEN AI Academy

Getting started with Grok & xAI

Course syllabus

Version 2026-11

Overview

Your first steps with Grok, xAI's AI. Create your account in 30 seconds, master the interface, and explore the whole ecosystem: chat, vision, voice, and the API.

Learning objectives

- Place Grok and xAI within the generative AI landscape
- Create your account and put Grok's capabilities to work every day
- Use real-time search and make the most of source citations
- Tell apart what the consumer app is for and what the API is for
- Pick the right model for a given need from the available lineup

Audience and prerequisites

Anyone who wants to discover and use Grok. No technical background required.

No technical prerequisites. A computer, an internet connection, and an account on the platform are all you need.

Duration and format

Estimated duration : 1 h 45 min. 100% online and self-paced, available 24/7 from any browser. Your progress is saved, so you can pick up where you left off at any time. Estimated time: 1 h 45 min.

Content

- Introducing xAI (4 lessons)
- First steps with Grok (4 lessons)
- Grok's features (5 lessons)
- Going further (3 lessons)

Assessment

Hands-on exercises throughout the lessons. Each lesson ends with key takeaways for self-assessment. A final quiz of 5 questions with answers, at the end of the last lesson, lets you check what you've learned.

Accessibility

This course is designed to be accessible to people with disabilities: text content compatible with screen readers, keyboard navigation, and compliant color contrast. For any accommodation request, email hello@corsen.ai.

Price and recognition

Free

Certificate of completion issued by Corsen AI.

Access time

Immediate after account creation and email confirmation.
