CORSEN AI Academy

# Grok Models: Complete Guide

Course syllabus

Version 2026-11

## Overview

Learn everything about the Grok range: Grok 4.5, 4.3, 4.20 variants, and grok-build, including tiered pricing, contexts, performance, and selecting the right model.

## Learning objectives

- Distinguish Grok 4.5, Grok 4.3, the 4.20 variants, and grok-build-0.1 based on their uses
- Choose between a reasoning model and a non-reasoning model based on the intended task
- Calculate the cost of usage by combining token pricing and the cost of integrated tools
- Leverage the one-million token window without crossing the tier that doubles the bill
- Select the appropriate multimedia model: image generation, video generation, or speech synthesis

## Audience and prerequisites

Anyone wishing to discover and use Grok, with no technical prerequisites.

No technical prerequisites. A computer, an internet connection, and an account on the relevant platform are sufficient.

## Duration and format

Estimated duration : 1 h 30 min. 100% online self-paced course, accessible 24/7 from a browser. Progress is saved, allowing you to resume at any time. Estimated duration: 1 h 30 min.

## Content

- Model Catalog (4 lessons)
- Multimedia Models (3 lessons)
- Pricing (3 lessons)
- Choosing Your Model (4 lessons)

## Assessment

Application exercises offered throughout the lessons. Each lesson ends with its Key takeaways, supporting self-assessment. A final quiz of 5 questions with corrections, at the end of the last lesson, validates acquired knowledge.

## Accessibility
