Real-Time Web & X Search

Course syllabus

Version 2026-11

Overview

Access the freshest information from the web and X (Twitter) with automatic sourced citations. Ideal for monitoring and ultra-precise answers.

Learning objectives

- Enable web search in the Grok API and restrict queried domains
- Leverage returned citations to verify a source and fact-check a claim
- Configure X Search by filtering by handles and dates to target monitoring
- Analyze X posts in depth, including images and videos they contain
- Automate competitive monitoring combining web and X while mastering costs and limits

Audience and prerequisites

Anyone wishing to discover and use Grok, without technical prerequisites.

No technical prerequisites. A computer, an internet connection, and an account on the relevant platform are sufficient.

Duration and format

Estimated duration : 1 h. 100% online self-paced course, accessible 24/7 from a browser. Progress saved, resume anytime. Estimated duration: 1 h.

Content

- Web Search (4 lessons)
- X (Twitter) Search (4 lessons)
- Use Cases (1 lessons)
- Use cases (1 lessons)
- Use Cases (2 lessons)
- Best Practices (2 lessons)

Assessment

Application exercises proposed throughout the lessons. Each lesson ends with its Key takeaways, supporting self-assessment. A final quiz of 5 corrected questions, at the end of the last lesson, validates acquired skills.

Accessibility

Course accessible to people with disabilities: text content compatible with screen readers, keyboard navigation, and compliant contrasts. For any adaptation needs, email hello@corsen.ai.

Price and recognition

Free

Certificate of completion issued by Corsen AI.

Access time

Immediate after account creation and email confirmation.
