CORSEN AI Academy

Mastering Prompts with Grok

Course syllabus

Version 2026-11

Overview

Advanced prompting techniques (roles, temperature, few-shot, chain-of-thought) with ready-to-use templates for 10× better results.

Learning objectives

- Structure a prompt by distributing instructions between system, user, and assistant roles
- Adjust temperature and generation parameters according to the desired result type
- Apply few-shot and chain-of-thought to ensure reliable complex responses
- Build multimodal prompts combining text and image for analysis or synthesis
- Diagnose a disappointing prompt and refine it by correcting common formulation errors

Audience and prerequisites

Anyone wishing to discover and use Grok, with no technical prerequisites.

No technical prerequisites. A computer, an internet connection, and an account on the relevant platform are sufficient.

Duration and format

Estimated duration : 1 h. 100% online self-paced course, accessible 24/7 from a browser. Progress saved, resume anytime. Estimated duration: 1 h.

Content

- Prompting Fundamentals (4 lessons)
- Advanced Techniques (5 lessons)
- Practical Cases (3 lessons)
- Workshop (2 lessons)

Assessment

Application exercises provided throughout the lessons. Each lesson ends with its Key takeaways, supporting self-assessment. A final quiz of 5 corrected questions, at the end of the last lesson, validates acquired skills.

Accessibility

Self-paced course accessible to people with disabilities: text content compatible with screen readers, keyboard navigation, and compliant contrasts. For any adaptation needs, email hello@corsen.ai.

Price and recognition

Free

Certificate of completion issued by Corsen AI.

Access time

Immediate after account creation and email confirmation.
