Le Chat Enterprise, Now Mistral Enterprise: Search and Security

Course syllabus

Version 2026-11

Overview

Deploy Vibe in the enterprise with enhanced security, enterprise search, Mistral Forge, and AI governance as the sovereign solution for organizations. As of May 28, 2026, Le Chat is called Vibe: the lessons use the new name.

Learning objectives

- Compare Le Chat Enterprise to consumer offers on security, features, and price
- Frame an enterprise deployment, from plan selection to team rollout
- Connect internal document sources to Enterprise Search while respecting access rules
- Identify Mistral Forge use cases and the startup steps for a first project
- Evaluate the return on investment of a deployment and establish an AI governance framework
