CORSEN AI Academy

Mistral for Small Businesses and Freelancers

Course syllabus

Version 2026-11

Overview

Adopt sovereign AI in your business: daily use cases, automation with MCP, AI strategy, and team training. Since May 28, 2026, Le Chat is called Vibe: the lessons use the new name.

Learning objectives

- Identify daily use cases for Mistral in writing, analysis, customer support, and administration
- Estimate the cost of professional Mistral usage based on actual business needs
- Connect business tools to Mistral via MCP to automate repetitive tasks
- Build an automated workflow for billing, recruitment, or marketing
- Define an SME AI strategy integrating team training and security rules

Audience and prerequisites

Non-technical professionals — executives, managers, marketing, HR, legal — looking to integrate Mistral AI into their daily work.

No technical prerequisites. A computer, an internet connection, and an account on the relevant platform are sufficient.

Duration and format

Estimated duration : 1 h 45 min. 100% online self-paced course, accessible 24/7 from a browser. Progress saved, resume anytime. Estimated duration: 1 h 45 min.

Content

- Why Mistral for a small business? (3 lessons)
- Daily Use Cases (4 lessons)
- Automation with MCP (4 lessons)
- Conclusion (3 lessons)

Assessment

Application exercises offered throughout the lessons. Each lesson ends with its Key takeaways, supporting self-assessment. A final quiz of 5 corrected questions, at the end of the last lesson, validates learning.

Accessibility

Self-paced course accessible to people with disabilities: text content compatible with screen readers, keyboard navigation, and compliant contrasts. For any adaptation needs, email hello@corsen.ai.

Price and recognition

Free

Certificate of completion issued by Corsen AI.

Access time

Immediate after account creation and email confirmation.
